

BKG-420EV Floor Grinding Machine

Boke™

BKG-420EV CONCRETE FLOOR GRINDER WITH VACUUM

Features:

- Polishing terrazzo and removing adhesive residues surface imperfections and contaminants, mastics, epoxies, urethane, paint, and thick coatings, etc Handled by joystick, effort saving and smooth operation.
- Ideal for smoothing out rough concrete finishes caused by rain splatter and
- can also be used for rethreading of epoxy pavement.
- Different Grinding discs are optional, and custom is available.

Technical Specification:

Model	BKG-420EV
Voltage	240v
Max Output	4.kw (5HP)
Rpm	800
Weight	180kg
Working Length	420*420mm
Price	\$ 5,000.00
Warranty	- 6 month from date of delivery against manufacturing fault. - Warranty does not cover any damage caused as a result of improper use, abuse, modification or alteration of the product.

Option Accessories:

Product Description

Diamond PCD Shoes Grinding Plate removing paint and glue, traffic lines, fibreglass, epoxy and adhesives, expose aggregate or grind surface imperfections

Application:

- Removal of thick coatings, epoxy, urethane & other membranes.
- Two full round PCD design provides extra support and ensures complete PCD life to the core
- For best results, use to remove the bulk of thick coatings without continued contact with concrete. Come back with an aggressive metal bond diamond segment and clean up any thin coating left behind. This helps to preserve the life of the PCD segments.
- Very aggressive, Long Lifespan

Item Code: PCD-B-30
PCD Grinding Plate, 3 Segments, Grit 30
Price: \$ 70.00/pc

Item Code: PCD-A-30
PCD Grinding Plate, 4 Segments, Grit 30
Price: \$ 80.00/pc

Item Code:
4" Marble Polishing Pad
Price: \$ 6.50/pc
