

BKG-300EV Floor Grinding Machine **with vacuum**

PRODUCT FEATURE

Grinding concrete/epoxy floor/ solidified floor/ terrazzo floor /granite floor /natural marble floor /diamond abrasion resistant floor /self-levelling cemented, places requiring surface treatment
Removal of paint, epoxy, glue and other coatings from concrete
Preparation of concrete for installation of new flooring/coating
Elimination of irregularities in concrete
Repair of damaged concrete
Renovation works

PRODUCTION USE

Milling the surface of the road and bridge, Removing the asphalt, Removing the concrete of the old ground, Remove the surface coating, paint, a variety of traffic markings, ground damage, dirt needs renovation, the removal of the old floor surface.

Model	BKG-300EV
Motor	Single Phase
Voltage	230V
Grinding Motor Power	2.2kw (3 HP)
Vacuum Motor Power	1.0kw
Working Width	300mm
Work efficiency	4-6 m ² /min
Country Origin	China
Weight	90 kg
Price	\$ 2,300.00
Warranty	- 3 month from date of delivery against manufacturing fault. - Warranty does not cover any damage caused as a result of improper use, abuse, modification or alteration of the product.

Option Accessories:

	<p>Item Code: BKG300EV-CP 12" CARRIER PLATE FOR BKG-300EV Price: \$ 350.00</p>
	<p>Item Code: DCW12001 12" Grinding Wheel (Arrow Type), 15 Segment, Grit #60 Price: \$ 280.00/pc</p>
	<p>Item Code: DCW12002 12" Grinding Wheel, 6 Segment & 6 PCD Price: \$ 350.00/pc</p>
	<p>Item Code: DCW12003 12" Grinding Wheel, 20 Segments, Grit #30 Price: \$ 250.00/pc</p>

Product Description

Diamond PCD Shoes Grinding Plate removing paint and glue, traffic lines, fibreglass, epoxy and adhesives, expose aggregate or grind surface imperfections

Application:

- Removal of thick coatings, epoxy, urethane & other membranes.
- Two full round PCD design provides extra support and ensures complete PCD life to the core
- For best results, use to remove the bulk of thick coatings without continued contact with concrete. Come back with an aggressive metal bond diamond segment and clean up any thin coating left behind. This helps to preserve the life of the PCD segments.
- Very aggressive, Long Lifespan

Item Code: PCD-B-30
PCD Grinding Plate, 3 Segments, Grit 30
Price: \$ 70.00/pc

Item Code: PCD-A-30
PCD Grinding Plate, 4 Segments, Grit 30
Price: \$ 80.00/pc
