

PORTABLE INDUSTRIAL STORAGE POWER STATION

PS-5800

PS-5800PRO TECHNICAL PARAMETER

Output Voltage	Power	Inductive Load	Capacitive Load	Output Current	Battery Mounting Method	Battery Type
220V/50Hz	3500W	10500W	7000W	Waterproof 10A,16A	Built-in battery	LFP
Protection Function	Battery Capacity	Bluetooth System	Operating Temperature	Charger	Size	Weight
Overload, undervoltage, short circuit, leakage, abnormal	5325Wh	Android、IOS	-20°C~45°C	AC 220V/30A	583x467x500	51

- High power output, suitable for all kinds of 220V power tools and electrical equipment.
- Can be equipped with mobile lighting system to provide all night lighting for night construction.
- Can match 48V low voltage DC welding machine, can achieve ϕ 2.5-3.2mm electrode long welding.
- Built-in overload protection device to prevent equipment damage caused by electrical overload.
- Fast charging, 0-80% charge 2 hours, fully charged only 3 hours.
- Long life lithium battery module, battery life of up to 8-10 years.
- Full range battery protection circuit, safe and secure

MODEL NO	PS-5800
POWER	3500W
BATTERY MOUNTING METHOD	Buit-in battery
OUTPUT VOLTAGE	220V/50Hz
CHARGER	AC 220V/30A
BATTERY TYPE	LFP
WEIGHT	51 KG
SIZE	583x467x500
BATTERY CAPACITY	5325Wh
Price	\$3180.00 \$3780.00 (WITH 4*200W Mobile Light System PS-5800-4x200W)
