

# **BKGP-25 Multi-function Grouting Machine**

## **Features:**

1. Simple, compact structure, performance is remarkable, the economic and reasonable price.
2. Use the 380V power supply, small volume, convenient to move, simple operation and maintenance.
3. Grout below 5mm various building mortar, can be equipped with special connector, can be continuous grouting.
4. Passive pressure. When the slurry filling, pressure increased, easy to control and maintain grouting pressure.
5. Can be used for surface spraying operations (need to form a complete set of spray gun and air compressor).

## **Use scope:**

Such as window, anti-theft door grouting, concrete buildings, railway tunnels, highway Bridges, culverts, urban subway, hydropower station, the dam slope harbour engineering such as crack, construction joint, expansion joint grouting waterproof plugging and anchor grouting, the grouting solidarity, backfill grouting and curtain grouting, soft rock reinforcement, honeycomb structure, soil cement grouting or composite grouting engineering, etc.

<b>Model</b>	<b>BKGP-25</b>
Voltage	380V / 50Hz
Motor Power	4Kw
Deliver flow	1.5m <sup>3</sup> /h
Max deliver pipe	32mm
Max Pressure	2.5MPA
Horizontal distance	5-15m
Vertical distance	5-8m
Max particles	0-5mm
Hopper capacity	50L
Weight	130kg
Dimension	1500*450*850mm
Applicable Materials	Cement mortar, etc
Accessories	1pc 5 meter hose, 2pcs nozzle, 1pc pressure gauge
<b>Price</b>	<b>\$ 3,200.00 / unit (without Calibration)</b> Pressure Gauge Calibration extra \$ 80.00 (Lead-time 7 working days)
Warranty	- 3 month from date of delivery against manufacturing fault. - Warranty does not cover any damage caused as a result of improper use, abuse, modification or alteration of the product.

01

SOLUTION  
PRODUCT DETAILS

**High quality motor**  
High quality motor, strong power, save time and effort, improve work efficiency

02

SOLUTION  
PRODUCT DETAILS

**Solid thickened screw**  
Thickening conveying screw with high pressure without blocking material

03

SOLUTION  
PRODUCT DETAILS

**High flow pump head**  
Large flow pump head, quality assurance, stable performance

04

SOLUTION  
PRODUCT DETAILS

**Control box**  
Button operation, easy to adjust the flow, easy to operate

Doors and Windows is leaking

Crack grouting for security door

Ground cracks

Dam cracks
