

# HIGH PRESSURE CENTRIFUGAL WATER PUMP

## VWM 208 - PE 50H

**Vib-Tech**

**Builds Efficient Machinery For  
"YOUR INDUSTRY"**

### ■ Features & Benefits

- ▶ Single cylinder, 4 Stroke-OHV
- ▶ 7.5 HP water pump with petrol engine

| Model                            | VWM 208 (7.5) – PE 50 – High Pressure |
|----------------------------------|---------------------------------------|
| Engine Type                      | Single Cylinder , 4 Stroke, (OHV)     |
| Bore x Stroke (mm x mm)          | 70 x 54                               |
| Displacement Volume (cc.)        | 208                                   |
| Compression Ratio                | 8:2:1                                 |
| Gap Valve (mm)                   | 0.1                                   |
| Capacity of Fuel (Litres)        | 3.6                                   |
| Capacity of Lubrication (Litres) | 0.6                                   |
| Type of Fuel                     | Gasoline                              |
| Type of Lubrication              | SAE 40 SF SG SJ                       |
| In Water Pipe Dia. (mm) / inch   | 50 / 2                                |
| Out Water Pipe Dia. (mm) / inch  | 50 / 2                                |
| Flow (m3/h)                      | 30                                    |
| Total Head (m)                   | 75                                    |
| Suction Distance (m)             | 8                                     |
| Dimension (W x L x H) (cm)       | 38.5 x 51.5 x 44.5                    |
| Net / Gross Weight (kg)          | 37 / 39                               |
| Container Load (Units) / 20" FCL | 330                                   |
