

ECO 90 Plate Compactor

- Light weight and compact design, ideal for repair of soil surfaces
- Heavy-duty and rugged design

- Eccentric mass measured to the weight of the machine providing speed and performance

- Excellent gradeability
- Economic & low cost

Model	ECO 90
Plate size LxW (mm)	505 x 420
Operating weight (kg)	65
Centrifugal force (kN)	12
Compacted area (m2)/h	400-450
Max gradeability i	30
Frequency (Hz)	93
Engine	Product code
Honda GX-160 3.6kW (4.8HP)	201.89.10000
Robin EY-20 3.6(kW)	201.89.10001
Vibtech V-Power VWM 65 (6.5HP)	201.89.10003
Vibtech V-Power VWM 170 FE (4HP)	201.89.10004
