

# CES-200 Scarifying Machine

- Cutting depth adjustment allows for precise control and customization of the scarifying depth, ensuring optimal results for different applications.
- The strong handle provides a secure and comfortable grip, allowing operators to maintain control and manoeuvrability during operation.
- The front mounting lifting handle facilitates easy transportation of the scarifier, making it convenient to move between job sites.
- Anti-vibration mounts reduce operator fatigue and enhance comfort during prolonged use, ensuring a more pleasant working experience.
- The powder-coated finish enhances durability and corrosion resistance, ensuring the scarifier can withstand tough working conditions.
- A dust control outlet is included to help minimize dust during operation, providing a cleaner and healthier work environment.

- The easy-control engine stop switch allows for quick and convenient shutdown of the machine, ensuring safe operation and efficient workflow.
- Sealed bearings are used to prolong the lifespan of the scarifier, providing reliable performance and minimizing maintenance requirements.

<b>Model</b>	<b>CES-200-E</b>	
Engine Type	Electric Motor	
Max Output Power	230V / 50Hz / 1.5kW	
Weight	58 Kg	
Dimension (LxWxH)	890*360*920 mm	
Working Width	200(8")	
Working Depth	1 ~ 3 mm	
Performance	66 m <sup>2</sup> /h	
Shaft No.	4 pcs	

**Warranty Service:**

- One (1) month for the original invoice date
- Warranty is applied to products that have been, always, properly maintained and operated or used under normal operating conditions for which the product was designed.
- The manufacturer warrants this product due to defective materials or workmanship.

**Option Accessories:**

	Cutter Blade
	Drum Set Assy (Not include centre Main Shaft)

Flat washer for cutter blade

Milling Cutter Shaft

Drum Set Assy (Not include Cutter Blade)
